PROFILE

UX Designer with a Computer Science background, **strong expertise in Figma, User Research, Prototyping, and Usability testing**. Experienced in translating user insights into practical designs and implementing them through frontend development. Familiar with AI tools and emerging technologies that can enhance design workflows. Committed to creating accessible, user-centered digital experiences that simplify complex systems and improve overall usability.

MY PORTFOLIO

WORK EXPERIENCE

Research Assistant

06/2024 – Present | Saarbrücken, Germany

Universität des Saarlandes, Saarbrücken, Saarland

- Leading **end-to-end UX design** for an **gamified educational technology web application, actively used by 200+ students and 20+ teachers, and adopted by multiple schools in Rheinland-Pfalz**, conducting **user research, interviews, and usability testing** to uncover pain points and optimize workflows.
- Maintained and extended a **design system** in Figma and Conducted weekly design QA and component reviews to ensure visual consistency and usability, ensuring consistency across features
- Iterated **15+ interactive prototypes in Figma**, increasing usability satisfaction scores by **30%**.
- **Bridged design and development by building a full-stack application (React, Tailwind, ASP.NET SQL)**, enabling rapid prototyping, smoother iteration cycles, and improved alignment between user needs and final product.
- Collaborated with interdisciplinary teams to ensure technical implementation aligns with pedagogical and user goals, improving feature adoption by **20%**.

UX Research and Design Intern

08/2023 – 09/2023 | Mumbai, India

Suven Consultants and Technology Pvt Ltd, Mumbai, India

- Designed wireframes and interactive prototypes in Figma for a **web application serving 500+ users**, addressing critical usability challenges
- Built 30+ reusable **UI components** and contributed to a scalable **Design System in Figma** (Auto Layout, Components, Variants, Design Tokens), improving UI consistency across 5 modules.
- Conducted usability testing & analyzed feedback with **250+ users**, refining task flows and reducing errors by **45%**
- Delivered actionable design insights that improved user engagement by **30%**

Software Developer Intern

09/2023 – 01/2024 | Bangalore, India

Huawei Technologies Private Limited, Bangalore, India

- Developed **backend APIs with Node.js & Express.js**, supporting 1,000+ users and ensuring scalability and reliability.
- Prototyped **AI-driven learning tools** using LLM APIs (OpenAI, Gemini), increasing test automation efficiency by **25%**.
- Reduced system errors by **20%**, improving overall application reliability

System Engineer

07/2022 – 08/2023 | Pune, India

Tata Consultancy Services, Pune, India

- Managed system operations for global clients across North America, Europe, and the Middle East, reducing downtime by **35%**.
- Implemented usability improvements across platforms, improving task completion speed by **15%**.

Data Analyst Intern

01/2024 – 03/2024 | Delhi, India

PrepInsta Pvt Ltd, Delhi, India

- Analyzed data using Python (Pandas, Matplotlib, Seaborn, Plotly), increasing insights accuracy by **35%**.
- Developed interactive Tableau dashboards, reducing stakeholder decision-making time by **25%**.

EDUCATION

Master's Degree- Computer Science/Informatik (Expected 2026)

Universität des Saarlandes, Saarbrücken, Saarland

2024 – Present | Saarbrücken, Germany

Bachelor of Engineering (Computer)

Savitribai Phule Pune University, Pune, India

2018 – 2022 | Pune, India

Bachelor Thesis: Training And Placement Portal

Developed a web-based portal to streamline job placement and industrial training processes. The system is actively used by the university, with over 500 students enrolled. Demonstrated full-stack development, user-centric design, and deployment skills.

UX CASE STUDIES

EasyBürger- Simplified Bürgeramt Appointments App Case study [↗](#)

Addressed bureaucratic challenges newcomers face with Bürgeramt appointments; validated flows improved task confidence and reduced user errors by 55%

Mietmate - Tenant Rights & Rental Management App Case study [↗](#)

Simplified complex tenant rights into clear mobile-first guidance; usability tests showed 70% better comprehension of legal information

PantryPal - Cooking, Budgeting & Smart Recipe Assistant App Case study [↗](#)

Designed gamified cooking and budgeting flows for students; boosted engagement and recipe completion by 60%

SKILLS

UX & Web Tools

Figma, Adobe XD, Wireframing, Prototyping, Usability Testing, User Research, InVision, Zeplin, Sketch ,ARIA, WCAG, inclusive design,

Programming

Python, Java, C#, C++, JavaScript, HTML, CSS, Embedded C

Software & Productivity Tools

MS Office, VS Code, IntelliJ, Postman

Concepts & Methodologies

OOP, SDLC, Agile ,IOT

Frameworks & Libraries

React.js, Next.js, Node.js, Express.js, ASP.NET, Bootstrap, Tailwind CSS

Cloud Platforms & DevOps

Microsoft Azure, Git, GitHub, Docker, Kubernetes

Data & Visualization

Tableau, Pandas, Matplotlib, Seaborn, Plotly

Soft Skills

teamwork, communication, structured work style, collaboration, leadership, problem-solving, adaptability, stakeholder management

LANGUAGES

English

C1 - Expert

German

A2 Basic Proficiency

Actively learning & enrolled in ongoing coursework and committed to achieving B2/C1 proficiency.

CERTIFICATES

- Foundations of UX Design (Google)
- Microsoft Azure Administrator Associate (AZ-104)
- Google IT Support (Coursera)
- Figma UI/UX Web Design & Animation (Udemy)
- Python for Data Science & Big Data Foundations (IBM)
- Introduction to IT Artificial Intelligence (Coursera)

VOLUNTEERING & COMMUNITY WORK

Mensch und Computer Conference, Germany

Volunteered in event organization, gaining exposure to cutting-edge HCI and UX research.

Push UX Conference, Germany

Assisted with conference support and connected with design professionals, strengthening industry engagement.
